

DO YOU KNOW?

ANIMALS AND THEIR BODIES

Video
Transcripts

Level 1

Giant Anteater video (Book pages 12–13)

- <0:21> A giant anteater eats lots of insects in a day.
<0:34> Anteaters catch termites with their long tongues.
<0:42> The anteater opens the termite's home with its strong claws.

Harvest Mouse video (Book pages 22–23)

- <0:24> The harvest mouse holds the grass with her tail.
<0:39> She is looking for food.
<0:52> But the barn owl can see her.
<1:06> It wants to eat her.
<1:12> The mouse runs away. Her tail helps her to hold on again.

Flying Fish video (Book pages 26–27)

- <0:07> These fish can jump above the sea.
<0:14> Their tails help them jump out of the water.
<0:23> The wind helps the fish to glide a long way.
<0:33> They can glide above the water for hundreds of metres.
