Level 1

Volcanoes video 1 (Book page 15. Is the lava hot? How do you know?)

- <0:10> This volcano is called Fagradalsfjall. It is in Iceland.
<0:20> Look at the lava. Is it hot? How do you know?
<0:31> Here's a clue – what colour is it? What is coming out of the lava?

Volcanoes video 2 (Book page 25. What happens inside the apartment building?)

- <0:10> This video shows earthquakes. This may be distressing, or scary, for some viewers.
<0:17> When there is an earthquake, the ground shakes.
<0:25> Apartments shake too. What do the people do?
<0:30> They hide under the table.

Volcanoes video 3 (Book page 29. What happens when the tsunami hits the land?)

- <0:10> This is Japan in 2011. This tsunami is very big. It shakes buildings and pushes down trees. The tsunami hit many houses.
<0:27> When tsunamis hit the land, they can hurt people.
<0:32> These people are looking at their homes. They have been destroyed by the tsunami.
