

DO YOU KNOW?

EARTH

Video
Transcripts

Level 2

Earth video 1 (Book page 11. On what continents are the Himalayan mountains?)

<0:10> This is Nepal.

<0:14> Nepal is in Asia. It is near India, China, Bangladesh and Bhutan.

Earth video 2 (Book page 15. What is at the bottom of the Grand Canyon?)

<0:10> Look, it's the Grand Canyon! What is at the bottom of the grand canyon? Let's see.

<0:23> The Colorado River is at the bottom of the Grand Canyon.

<0:27> The Colorado River is over 2,300 kilometres long. It travels from Colorado, USA to the Gulf of California in Mexico.

Earth video 3 (Book page 25. Why is the sea rising? What can happen to islands?)

<0:10> The seas are rising around the world. This is because we are making the Earth hotter and hotter.

<0:21> When ice melts, it makes the oceans rise.

<0:27> Islands like Tuvalu are in danger. They are very close to the sea and very small.

<0:36> We have to protect our Earth, so people and places like Tuvalu can survive.
