Video Transcripts
Level 2

PLASTIC

Plastic video 1 (Book pages 12–13. What can we make from new plastic?)

- <00:10> This plastic is soft. We can make plastic bags from soft plastic.
<00:21> We can make bottles from plastic.
<00:26> Lots of things are made from plastic. These boxes are made from plastic.

Plastic video 2 (Book pages 24–25. What is the Great Pacific Garbage Patch?)

- <00:10> There is a lot of waste in the sea. The waste is bad for sea animals.
Waste is bad for turtles if they eat it.
<00:24> There is a lot of plastic in the Pacific Ocean, between the USA and Japan.
Lots of this plastic is microplastic. Microplastics are very small.
This is the Great Pacific Garbage Patch.

Plastic video 3 (Book pages 26–27. What new things can we make from plastic waste?)

- <00:10> We can recycle some plastic.
<00:17> We can make new things from recycled plastic.
<00:26> We can make new plastic bottles from plastic waste.
