

For this activity, you will need some glue, a piece of card and a pair of scissors.

Shadow puppets

Create your very own shadow puppet play using the pictures of Peppa and her friends below!

Ask a grown-up to help you stick this activity sheet to a piece of card and carefully cut around the characters to create the puppets. Use a light source, such as a torch, to cast the puppets' shadows on a wall and make up an exciting story about them.
